France A. PUBLIC AAL VANAGET rtunate. R. GIBBON'S DISPENSARY, Octorphi on mer

l engraver

In the discussion of Hubball's circular in the system, Senator Pendleton has borne a connons part. He has properly denounced abbell's act, and has pointed out in strong terms the debasing effect of the special system orms the political life of the country. Had be poken as an independent senator, his numer. thes on the subject would have left portion partisan; and the attitude had particular contingencies his party toward the subject is such as to There were no fewer than twelve separate to sperk with effect upon it. Mr. Pendleton ad the rest say truly that the country ought registered and coupon bonds. In some there to be freed from partianuship and the spoils were bonds as low tystem in its public service. Every one sees none lower than \$500, and of others none unde on the public treasury, nor sho ng on party contests be drawn from lar contingency in the rapidly shifting a service which belongs to all men of all par- of circumstances. Of the five per cent. loans, service which periongs to an most of the particular series in the series in the series is sues, each with an obthing whatever to do with giving shape or option appended and additional stipulations direction to the politics of the country. Hence which concerned conversion, renewal and th their political opinions are of no concern to the opinions are of no concern to the public. They are appointed to perform different lasnes, some convertible at the option It is wrong and in every way demoralizing to 'autof March 3, 1865, nine distinct contingencies convert this body of public servents into a were provided for one issue of treasury notes our per of parity portuge, and to est up the. This specification of the peculiarities belonging on spail, for the benefit of the party that may of our national scourities was complicated

locirine so long as it held power. It has been pression on gold. Moreover, pathyrat, sent rying for years to regain power, chiefly that ment, then almost appealed at the magnitude to the live-opportion to put the dottine of the government's chilicities, was under no practice again. Every democratic came cided whether to follow in the feotatops of his work. He might, indeed be privately of in sixteen pairs. Within that form the annuripense, but there would be a million of his er take to their become the beautiful sperches he has been making for civil service flowing eloquence with which he has been de-scribing the evils of a partison divil service they would consider cold and comfortless. They would want something more and they

the speeches on civil service which are made atic loaders like Mr. Pendleton, how er the speeches in themselves. Mr. endleton is probably sincere in his detestation of the spoils system, but his party will not renounce the system and he knows it. 'He for power chiefly to obtain the spoils which power would bring. Consequently if we should get a democratic administration we should see the whole public service organized iuto a democratic machine; the spoils system ld be firmly established, and all office bolders would be seeesed to keep the party in nower. It would be the substitution of ope namely, that the democratic machine would the republican machine ever was, because the atic party invented the system and takes to it by instinct, and because there is little of the spirit of independent criticism in its faults. These, in brief, are the reasons why the country does not turn to the demo-cratic party with the sweet and perfect trust it licits when it talks through men like Benator

### CONSTITUTIONAL PROHIBITION. The lows prohibition amendment is in

turn for his own use, or may import and keep for his own use, or to give away to others. Itquors of any kind. Those who want to buy liquors and do not care to do so clandestinely, have only to send out of the state for supply. The browing business of the towns and cities along the Mississippi river will now be transferred to Hilinois, and the liquors will be sold in that state, yet will be largely consumed in Iowa-Dubuque, for, example, contains many brow nois is the little town of Dunleith. Already the owners of these establishments are making preparations to set them in operation in Dunleith, and will have them ready in a short time to supply Emburgue. The liquous will be sold in Illinois, not in Iowa, but the beer wagspecial dispatch to the Chicago Tribune.

Special disparent to the Chicago Triotime?

Dustrout, fows, July 3.—The prohibitionists of this city beld-a praise meeting this evening over the result of the recent vote on the amondment in this state. The most noticeable yeasls of the passion of the cachement so far is this samplete allemation of 186 German vote from the republican party, and the threatment one of several congressment where the contract of th

tion in California, though it may be set down try it would be less matter. But a very large as certain that no prohibitory measure will proportion of the sum will be thrown away carry in that state. It would have a better upon unnecessary undertakings and worthless hance in Oregon, and an effort will be made legislature to submit an amendment. But we think it would be largely petty local constituencies and gain votes for beaten on the popular vote.

A GREAT FINANCIAL ACHIEVE-

A brief statement will show how greatly the interest-bearing debt of the United States has been simplified within a few years past. In periods of maturity, and six different rates of oterest, besides which each rate of interest interest. Most of the issues holders are the servants not of party \$1000. They were issued in a patch-work or a country. Parties should not live known-extension way, under twelve different uld the means acts of congress, each framed to suit a particuthe service of the party out of power as holder into various bonds, and some issues ich as for the service of the party in power, were exchangeable for other issues. Under the places ther all exist as booty to the many loans proves that the general places

be able to control them:

But would the democratic party reform the unravel. It was then impossible with such system? Here's the weakness of Mr. Pendle various, and indefinite ferminel ingenious and conversion, for handers and will, the country knows that his party would capitalism to mentain with prediction the relative whose of the number ong classes of bonds. not reform it. It is the party which originally settly the detrine that to the victors belong the spoils. As a party it followed that movable factor, embedded in the distribution into practical again. Every democratic came dided whether to follow in the locaters of paign is an organized hunt for the offices other nations, and framents to posterity the Christopher of the strike out come lists power it would organize tell the on a now path which would clead to the complete of the power it would organize tell the on a now path which would that ad the complete of the path of the republicans, and democrate would be put in attained in the history of mattained our total fluid and the put in attained in the history of mattained our total fluid and fluid fluid and fluid fluid fluid and fluid flui charge has been reduced more than one-half. The debt itself has been wonder follow democrats pressing for positions which fully simplified. Of that bearing interest we they would district the service to have now only the extended "Windoms" at 31, arty; and how would be put them off? per cent, the 4 per cents, the i per cents the refunding certificates (only a preliminary aform and be content? Probably not. The und at 3 percent. Finally, the credit of the owing cloquence with which he has been detions. If the policy of transmitting the national mortgage to postority had prevailed

#### A COMMISSIONER'S VIEWS. Ex-Secretary Ramsey, a member of the Utah

the other day with reference to the work bewould be done in the way of organizing the commission and beginning its work until the pending bill making the necessary provision for expenses becomes a law. The bill will, no doubt, be passed before the anjournment of congress. If it should not, it will be impossible for the commission to do snything until commission will occupy more time than he anbicinated when he accepted the appointment will bot be continuous, but the commission will remain in existence until after the nex ierritorial legislature has organized and passed the election law of the territory prescribed in commission will conduct the registration of voters according to the law of congress, exlieve in polygamy, and certify to the elections. This may require soveral sittings of the com-mission, and several trips to the territory. Mr. Ramsey thinks this commission is a step neficial. It is probable that all that was inplished, but the territory is irrevocably in the trol it. Mr. Bansey does not think the country in Utah is very inviting to the agricultunever be much troubled by Gentille immigra- HO! FOR THE SEASIDE! OAKLAND HOME tion, except, perhaps, by a few miners, wh however, seldom become permanent settlers The Mormons have made the country what it is by hard work and irrigation. They were a band of enthusiasts, and would have gone to Pike's peak or Alaska if necessary. He had no doubt that in the course of time pelygam; could be up-rooted. The new law would hasten a result which would come in time without it. The Mormon youth as a class, he Dubuque, for; example, contains many brow thought, regarded polygamy as an evil and ories and distilleries. Just across the river in would aid beneatly the enforcement of the now regulations.

It was to be expected that the independent republicans of Pennsylvania would decline the overtures of the stalwart, bose-ridden, spoilsbunting gang for a compromise of differences. No compromise is, in fact, possible. What the independent republicans of Pennsylvania have one will run in Dubuque, delivering to all from No compromise is, in fact, possible. What the whom arders are received. Still, the anti-independent republicans of Pennsylvania have prohibitionistis are by no means pleased with resolved on is the political dentited Boss Campbe situation. "Bloods for builge some of a "Uncle "

kept his kitchen fire always alive for fifts housekeeping so that his wife intight never lave occasion to complain of busing to kindle a fire. We know of a young couple who promised each other when they were mirried that they would not both get angry at the same time to, they had strong wills and quick tempers, which were controlled only by the live they had one for the other. The effect of this resolution can be traced to-day a though made twenty years ago. Now they are selfolm an br) and we enso the quiet patient fother come it entirely.

Small matters you ill saw see to a fire all the part round and only to built and the part round and only to built and the part of the part

pake each other's wants, provide for them be-fors they occur, smooth the rough spots in the road of life in anticipation and before they are reached, is the way to hee happily Keep the fire on the hearth always alive

the includes of their bounds in Egypt in short is as The revolution attempted in Egypt in short is as much financial in its origin as political. The time tree of religious fanathism which is apparent in it is a stimplant to the cultiusiasm of all ignorant classes, and enlists their batters of all foreigners. In the sweat of wax, and that is not improbable if orm of occupation is attempted, such Edropeans as have the foolbardness to research in the country will be the first to anticp.

London baiks for days, weak at \$4.84 do describe and baiks for days, weak at \$4.84 do describe art of the first of the fir

STOCK NOTES
O R. & N stock was 243 in New York yesterday

Transcontinental 75%
Mining successments payable this mosth at San Francisco foot up \$441,180. The Comstock takes hearly half of this sum. Estimated agessments for the first seven mouths of this year on maines listed

on the San Francisco stock board are \$1 714,780 for the same time in 1881, \$5,157,260 Many mines have tuened out so pookly of late that the managers are becoming assumed to sak for more money

becoming annumed to sak for more money CROPA AND MARKETS.

The past week has been one of considerable excitement in the Toyolgh wheat interfects the total ances at work hains the fair averable condition of the weather in Toyland, and the complications between their configuration Replain Fracts for cargoes on passage have materially improved, and there is some inquiry for future adipparable, but there being no wheat of a me consequence in the quarket local no wheat of lang consequence to the quarket operators were doing nothing and quotation operators are doing nothing and questions valley

The weather has been more favorable for growing crops both in Eastern Oregon and Washington and the Willemette veller, though we have nothing to add to last reports and sormises concerning prob-

able results of the conting harvest zuctors

There are now in port and at asteris available for wheat the Glengarry Fritz, Elweil, Fresident, Wakefield, and H W Fudley, all of which are on the naricet for business; but shippers do not appear anxious to pay rates demanded by owners. The trun ship Linxia Hell is reported chartered on terms reserved.

Are reported firm and active in San Francisco white here the market is quiet and firm at last week a quotation-Of for Calcuttas and equal grades

There is no change in salmon. The run continues light as reported is at week. But it must not be in ferred that conner; men are not dobts, a good bustness simply because the run falls short of last pear. There is yet time for improvement before the left of Angust and if shiring is continued by yet the form of the left of Angust and if shiring is continued by the following in the continued by the following is continued by the following in the following in the following is continued by the following in the follow

The wool market for the week has been very dull Comparatively nothing has been don to Willamette valley wool in this nartest this seas in the only teams. All of valley me has country towns. A lot of valley me had a glocation for valley wool would be Register.

A fair noise in the country towns. A lot of valley me had been to the country towns. A lot of valley me had a glocation for valley mool would be Register.

A fair noise in the land and the transactions being, between producers and elsew that is the country towns. A lot of valley me had been supported by a long that is the same of the market. A fair noise in the same and the country towns. A lot of valley me is the same and the sa

so woo from the Ompique waite, has yet been put on this market though several lots have been ship pad through to San Francisco

Eastern Oregon wool is dult. The fact is that movel of the wool from this section now here is of low grade and buyers will not bid upon it. Only the best qualities are wanted in the great markets and it is shoot impossible te daspose of the source of the intended this season having, paid in instances are contended thus season having, paid in instances and paid more than the restor market warranted and paid more than the restor market warranted and paid more than the restor market warranted and the reaction from the unleading state of affairs in one of the courses for the prevailing addings. The outer of the courses for the prevailing addings. The outer of the courses for the prevailing addings. The outer of the courses for the prevailing addings. The outer of the course of the course
